Professional Summary

BSc (Hons) Software Engineering undergraduate at Sri Lanka Technological Campus (SLTC) focused on Software Quality Assurance. Hands-on experience in manual testing, test case design, bug reporting, and basic automation using Selenium, Postman, and Qase.io. Strong foundation in Python, Java, JavaScript, SQL, and web technologies, with interests in Business Analysis and Project Management.

Technical Skills

Programming Languages: Python, Java, JavaScript

Web Development: HTML, CSS, React.js, Node.js, Express.js, Spring Boot, REST APIs, JSON

Databases: SQL, MongoDB

QA Tools: Selenium, Postman, Qase.io

QA Skills: Manual Testing, Automation Testing, Test Case Design, Bug Reporting, API testing

BA/PM Skills: Requirements Gathering, User Stories, Use Cases, Process Documentation

Tools: Git, GitHub, VS Code, Overleaf, Google Colab

Projects

Loan Approval System with Explainable AI

May 2026 - Present

Final Year Group Project

- Developing an explainable AI-based loan approval framework focused on fairness, transparency, and human-centered decision support.
- Using Python, scikit-learn, TensorFlow, SHAP, and LIME.

Utopia – Civic Engagement Platform

July 2026

Academic Project

- Built a role-based smart city web platform with citizen authentication, emergency reporting, complaints, bill payment, tax payment, and dashboard workflows.
- Integrated Leaflet, browser geolocation, and Open-Meteo using HTML, CSS, and JavaScript.

Smart Library

February 2026

Personal Project

- Developed a responsive library management system with book search, filtering, borrow/return features, and a REST API.
- Used HTML, CSS, JavaScript, Node.js, Express, and MongoDB.

Education

Sri Lanka Technological Campus (SLTC) – Padukka, Sri Lanka

2023 – 2027

BSc (Hons) in Software Engineering

GPA: 3.64

Relevant Coursework: Software Quality Assurance, Business Analysis and Software Design, Project Management, Data Structures and Algorithms, Object-Oriented Programming

Certifications

- Introduction to Software Testing or Software QA** – Udemy, 2025
- Introduction to Software Testing** – Simplilearn (SkillUp), 2026
- Product Quality Management** – Simplilearn (SkillUp), 2026

Leadership Experience

Chairperson, IEEE Computer Society Student Branch Chapter, SLTC Sri Lanka

2025–2026

- Led chapter activities, coordinated members, and improved student engagement through events and initiatives.
- Expanded CodeMania v6.0 and Git Genius 2026 to the inter-university level, supported chapter website development, and organized industry-collaborated events.

IEEE SL SYW Congress 2025: Program & Delivery Team Member, Sri Lank Section

September 2025

- Leadership, team coordination, event planning, communication, stakeholder collaboration, adaptability, teamwork
